ACTIVITY

Mystery Academy teaches the Art of Magic to Children. Each child will learn the basics of sleight-of-hand magic. All manner of magic will be taught using cards, wands, balls, cups, paper, coins, and other objects. Each child will learn various techniques and tricks, and if they wish, will present it in a magic showcase “close-up” in the last class for parents and friends. Bonus Web video lessons aid in practice between classes! Magic teaches self-esteem, confidence, acting, public speaking and social interaction, as well as science, math, and language concepts. Don’t miss this opportunity to learn a rarely taught skill!
